

Soil Health Tour and Event

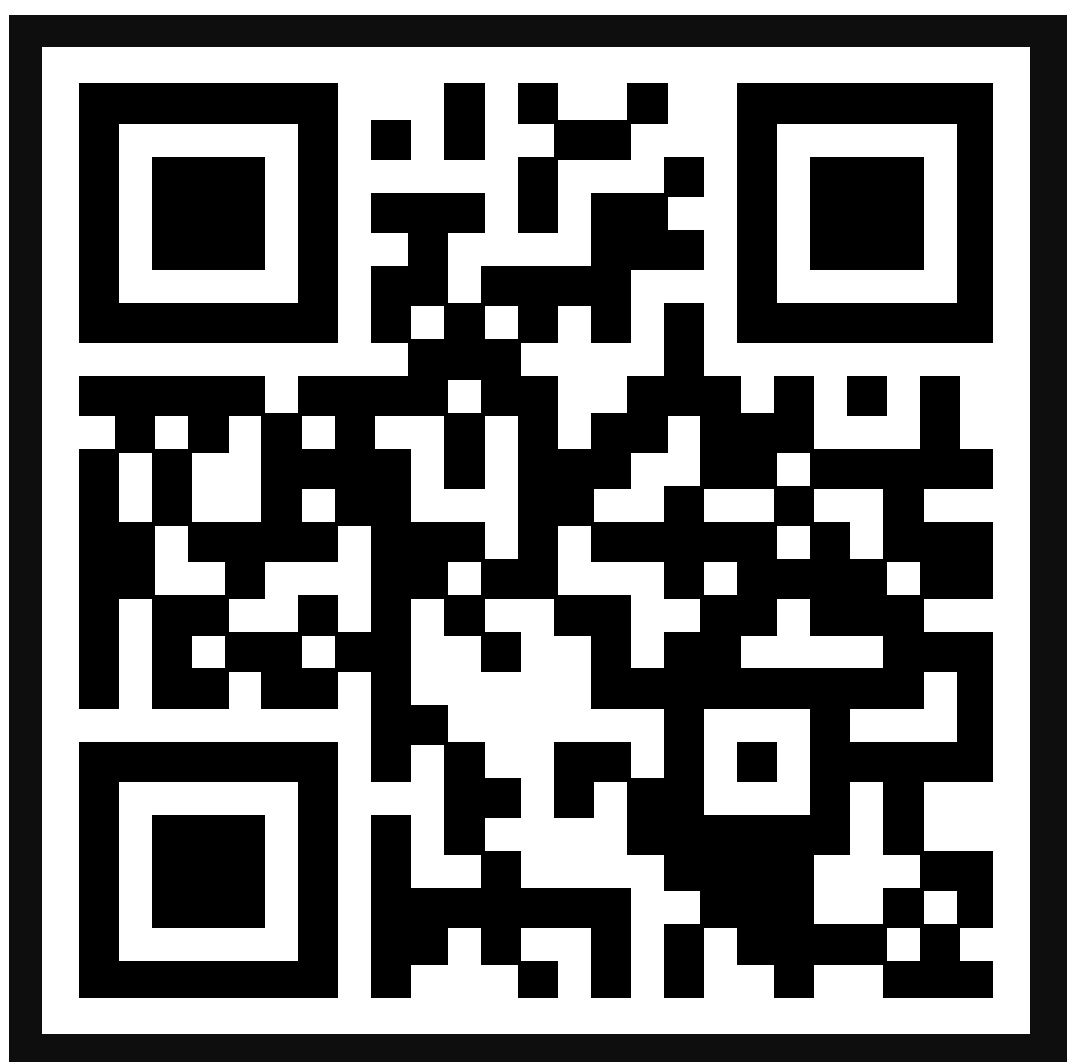

Curious what you can do to improve soil health? Don't know where to start?

Have questions about practices?

This Self-Paced Tour is for You!

Explore practices in an 11-county area and talk with other producers about ideas and concerns

Scan QR Code for Information and Map of Soil Health Tour Stops

Self-paced tour stops will be in place from Friday, 8/13 to Thursday, 8/19

Interested in traveling with a small group? Fill out the survey at the link below
